Core Collections Complete provides guidance on essential fiction and nonfiction titles for **children's, middle/junior high, and senior high collections**. \* Four levels of recommendations (essential, recommended, supplemental, and weeded) are assigned by NoveList librarians with input from an advisory committee of distinguished librarians, to help you prioritize materials for your library's size and budget.

Browse by categories such as award winners, essential titles, recommended titles, supplemental titles, new and recent books, and full text book reviews from many professional sources such as Booklist, Choice, The Horn Book, Kirkus Reviews, Library Journal, and more.

\*BadgerLink access to Core Collections does not include Graphic Novels, Fiction, nor Nonfiction Core Collections.
