

Health Resources in BadgerLink Collection

Find a great collection of resources on alternative medicine, consumer health, academic research in medical and nursing fields, and biomedical journals.

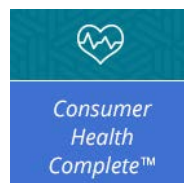

[EBSCO Health Resources](#)

Access point to EBSCOhost health-specific databases, simultaneously searching Alt HealthWatch, Consumer Health Complete, Health Source: Consumer Edition, Health Source: Nursing/Academic Edition, and MEDLINE.

[Alt HealthWatch](#)

Alternative health research database focused on complementary, holistic, and integrated approaches to health care and wellness with 40+ full text international and often peer-reviewed journals on subjects such as acupuncture, aromatherapy, energy medicine, herbalism, homeopathy, mind-body medicine, nutrition, osteopathy, and more.

[Consumer Health Complete](#)

Consumer-oriented health content, from mainstream to holistic medicine with 480 full text magazines and journals, 640 full text health reference books, e-books, and encyclopedias, and consumer health pamphlets from the CDC, FDA, NIH and others.

[Health Source: Consumer Edition](#)

Collection of consumer health information including full text consumer health magazines, health pamphlets, and reference books on medical sciences, food science and nutrition, childcare, sports medicine and general health.

[Health Source: Nursing/Academic Edition](#)

More than 355 full text journals including 287 peer-reviewed journals. Provides researchers, allied health professionals, nurses, and medical educators with information on many medical disciplines.

[MEDLINE](#)

Bibliographic database containing citations and abstracts for biomedical and health journals used by health care professionals, nurses, clinicians, and researchers.
