# LearningExpress Library

Web-based test preparation tools and skill-building materials, including full-text ebooks, courses, and tutorials.
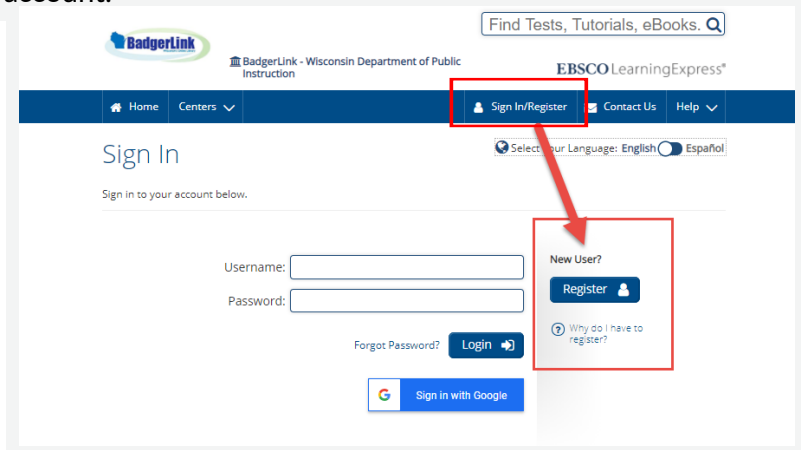

Explore and search different learning centers from the home page.

Within a center, browse materials by topic and click into content to start reading an eBook or taking a practice exam.
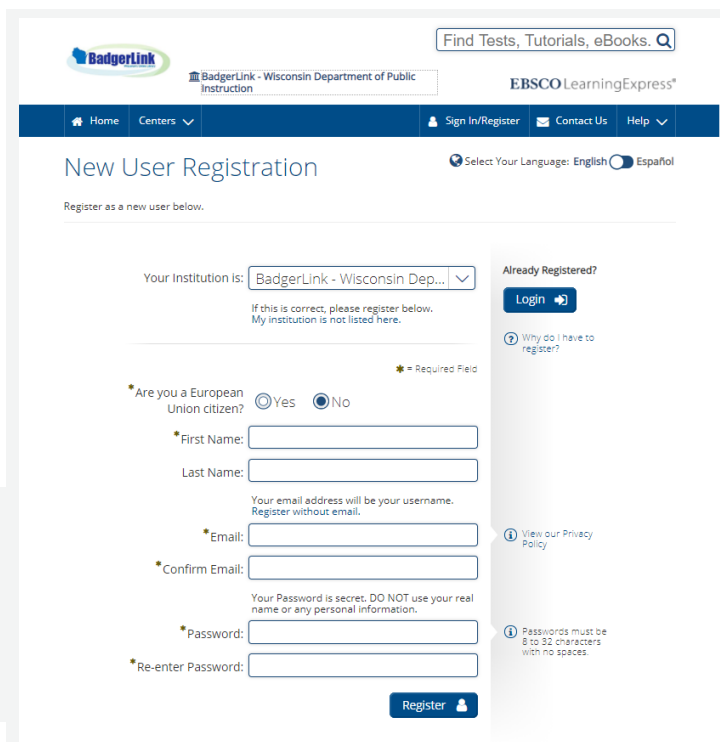

Upon clicking any content, users will be prompted to log in to an account.

Registering for an account is quick and easy. Leave Institution as BadgerLink and answer the rest of the required questions. There is an option to register without email.

Please note: DPI staff do not have access to library users' account information. If a password is forgotten, please use the password retrieval tool or reach out to LearningExpress Library.
