Teach Britannica: Resources for Educators

Discover educator resources, ready-made lessons, and classroom tools.

Meet the go-to resource for today's classrooms

Encourage exploration and discovery for learners from **Early Elementary to High School.**

Britannica School offers a safe, trustworthy platform designed to make learning engaging and accessible for all ages and learning abilities. With four distinct levels – **Early Elementary, Elementary, Middle, and High** – and accompanying standards alignments, Britannica School meets students and educators where they are and helps them thrive.

Articles

No matter the level, Britannica School's articles are designed for quick navigation and readability, making information easy to find, engaging, and accessible. The layout reduces cognitive load, helping students stay focused.

The image shows a tablet displaying a Britannica School article titled "Nile River". The interface is designed for readability and navigation. A "Navigator Toolbar" is located in the top left, showing the current level (1, 2, 3) and a "NAVIGATOR" menu with "Introduction" selected. Below this are icons for "Cite", "Save", "Send", "Print", "Translate", "Font", and "Open Dyslexic". A "START" and "END" button is at the bottom of the toolbar. The main article content includes a title "Nile River", a sub-header "Introduction", and a paragraph: "A boat sails on the Nile River near Aswan, Egypt. The Nile is an important trade route and source of irrigation in arid (dry)...". Below the text are three sections: "Introduction", "Physical Description", and "Plants and Animals". A "Fun Facts" box titled "DID YOU KNOW?" states: "The Nile River basin covers about one-tenth of the total land area of Africa." An "Inline Visual" shows a village along the White Nile River in South Sudan. A "Collapsible Table of Contents" is on the right, and an "Article Media Gallery" is at the top right. A "Literacy Support" box highlights the text "Tropical rainforests of coffee shrubs and bamboo, banana, ebony, and rubber trees are found in southwestern Ethiopia and the East African Plateau. Savanna grasslands extend along the Blue Nile." Callout boxes with green arrows point to these features: "Navigator Toolbar", "Literacy Support", "Inline Visuals", "Article Media Gallery", "Collapsible Table of Contents", and "Fun Facts".

▶ Introduction

▶ Where Plants Grow

▼ Types

All plants belong to one of two main groups, vascular plants and nonvascular plants. Vascular plants have special tissues, called xylem and phloem, that carry water and food throughout the plant. Vascular plants also have **roots**, stems, and **leaves**. Vascular plants include herbaceous plants, shrubs, and trees. Herbaceous plants have soft stems. Shrubs and trees have woody stems.

Web's Best Sites

Expand research beyond Britannica School with Web's Best Sites. Each resource is carefully reviewed by the Britannica Editorial Team to ensure relevance and appropriateness for student learning.

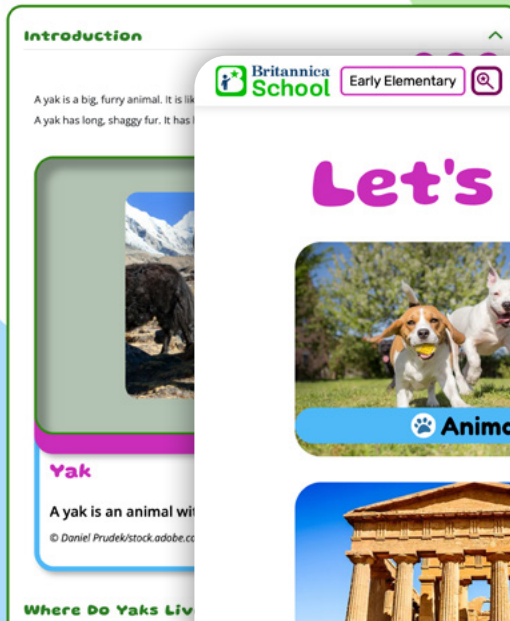

Reading Levels

Easily support or challenge students by **adjusting the reading level preference** and using the **Lexile filtering option**. Setting a Lexile range (860–1700) ensures reading materials are accessible and appropriately challenging, making differentiation simple and effective in your classroom.

Early Elementary Level

Britannica School Early Elementary is designed for PreK-2nd grade, offering read-aloud articles with age-appropriate vocabulary, vibrant images, videos, and interactive features that keep young learners engaged. With easy navigation, students can dive into content crafted just for them!

Text Support Features

The **quick-click dictionary** allows you to quickly find definitions and Spanish translations for any word. A **read-aloud** feature with word-by-word highlighting is available via the play button at the top of each section, supporting emerging readers.

Engaging, Easy-to-Read Layout

Standards-aligned content spans six categories, enhanced with **media galleries** and **inline visuals** for an immersive experience. Articles are thoughtfully sectioned and digestible for emerging readers.

English/Spanish Toggle

An easy **toggle** between English and Spanish boosts language acquisition and accessibility, seamlessly translating **articles and all related media** into **native Spanish**.

Britannica Fundamentals

Inspire PreK-2 students to **read, explore, play, and create!** Early learners can enjoy animated e-books, explore world biomes, practice math and literacy through fun games, and express their creativity with a digital whiteboard.

Elementary Level

Captivate young students with exciting topics and vibrant visuals that spark engagement and curiosity. Regularly updated content provides unique lesson hooks, fuels discussions, and ignites curiosity across subjects.

The screenshot shows the top portion of a web page for 'Germany' on the Britannica School Elementary platform. The page features a purple header with the title 'Germany'. Below the header is a large image of a village in eastern Germany. To the left of the image is a 'NAVIGATOR' sidebar with a 'Quick Facts' button and various utility icons like 'Cite', 'Save', 'Send', 'Print', 'Translate', 'Font', and 'Open Dyslexic'. To the right of the image are navigation arrows and a 'Jump to article' button. Below the image is a caption: 'Germany: village in eastern Germany. A village extends along a single street in eastern Germany. Otto Stadler/© Silvestris'. A 'QUICK FACTS' section is partially visible at the bottom.

The screenshot shows the top portion of a web page for 'Introduction' on the Britannica School Elementary platform. The page features a purple header with the title 'Introduction'. Below the header is a large image of lemurs. A search bar is overlaid on the image with the text 'Explore Britannica School (start typing!)'. To the left of the image is a text snippet: 'For 45 years after World W... was divided into two reput... country, while West Germa... communism led to the re... capital is Berlin.' A search bar is also visible at the top right of the page.

FLASH FACTS

How Long Is the Amazon River?

The Amazon might be the world's longest river. Most scientists believe it is at least 4,000 miles (6,400 km) long—still shorter than the Nile, which is about 4,132 miles (6,650 km). Others, however, have asserted that the Amazon is actually much longer. The Amazon's start and end points have been difficult to determine.

INSTRUCTIONAL STRATEGY

Active Reading Through Writing

Grade: 6-8, 9-12, UNIV

Type: Read Actively / Develop Language (MLL)

30-40 MINUTES

When: Before, during, and after reading

Materials: Active Reading Through Writing graphic organizer, preselected text, whiteboard or display, writing utensil

Description

The Active Reading Through Writing strategy encourages students to engage with texts through writing before, during, and after reading to enhance comprehension and critical thinking skills while activating prior knowledge. In addition, this strategy develops students' analytical abilities, reflection skills, and deeper understanding of the material. The strategy prepares students for reading by activating background knowledge. Students process new information during or after reading to support synthesis and connections between texts.

Instructional Strategies

Access six categories of **evidence-based methods** for effective education, such as **Acquire Vocabulary** and **Organize Thinking**, which are essential for learning goals of any classroom.

LESSON MINI

Seasons and Cycles

Grade: K-2

Topic: Science

Unit: Seasons

Overview

In this lesson mini, students learn about seasons and their effects on daily life. They observe and record local weather conditions, exploring how these change over time. Students also make observations at different times of year and relate the amount of daylight to each season.

Ideas for Implementation

Science Literacy
Library media Learning centers

Lesson Minis

Personalize learning and boost engagement using these modular minis – ideal for **lesson planning, sub plans, and real-world extension activities.**
